PFW 910 Flat display wall mount

The PFW 910 flat display wall mount is part of a modular system which enables you to create your own wall mounting solution for flat displays. Just add the needed universal flat display interface (FAU 3150/3125), depending on the display. The Autolock® locking system locks the interface onto the mount and prevents the display from falling of the turn and tilt unit when accidently lifted.
